1. The first group of people who are interested in the study of the history of the world are the historians. They are people who study the past and try to understand what happened and why it happened. They use a variety of sources, including books, documents, and artifacts, to reconstruct the past. They also try to understand the people who lived in the past and how they thought and felt. Historians are interested in the past for a variety of reasons. Some are interested in the past because they want to know what happened and why it happened. Others are interested in the past because they want to understand the people who lived in the past and how they thought and felt. Still others are interested in the past because they want to learn from the mistakes of the past and avoid them in the future.

Sir:-

Re N.E. 12-8-1 W5th Mer.

I beg to acknowledge receipt of copy of your communication of the 26th ultimo, addressed to Mr. H. A. Stoutenburg of Cowley, which copy letter was sent to the Agent of Dominion Lands, at Medicine Hat, (no file number given), and I would advise you in connection therewith, that although Mr. Stoutenburg's indebtedness to the Department for Seed Grain is \$84.15 with interest from the 3rd April 1915 to the date of payment, yet it would appear that Mr. R. T. Veitch has charged the North half of section 12, township 8, range 1, west of the 5th meridian, for \$377.65 for Seed Grain.

I would be pleased to be advised whether the description of the land furnished this office by the Commissioner of Immigration, which has been charged with the indebtedness of this Seed Grain lien is correct, or whether the indebtedness of \$377.65 should only be charged against the North West  $\frac{1}{4}$  of section 12, township 8, range 1, west of the 5th meridian.

Mr. J. V. Judge,  
Chairman,  
Seed Grain & Relief Adjustment Board,  
Edmonton, Alberta.

Dear Sir:

Re: Ralph F. Veitch  
NW 1/4 12-8-1-W. 5th.  
Domestic Advances

The above party obtained two following federal advances given as security  
a lien on the above land.

|                             |                  |
|-----------------------------|------------------|
| Seed Grain 1915             | \$377.65         |
| Interest to July 31st, 1953 | 692.35           |
|                             | <hr/> \$1,070.00 |

The debtor has approached this office, through his solicitors, with a view  
to settling this account on a compromise basis and a payment of seven hundred  
dollars (\$700.00) has been tendered.

The lien was filed originally against the title to the above described parcel  
but the debtor has since obtained title to six other quarter sections of land and this  
lien appears on four of his titles.

The debtor is 66 years of age and no longer able to do farm work. His wife is  
62 years old and crippled. His farm machinery is of the horse drawn type except for  
a tractor, truck, and a binder purchased in 1932. The original parcel given as  
security is assessed at one thousand two hundred and thirty dollars (\$1,230.00).  
A mortgage for one thousand two hundred dollars (\$1,200.00) registered March 6th, 1911  
to the Great West Life Assurance Co., was finally settled in 1940 and at that time  
the debtor offered two hundred and fifty dollars (\$250.00) for settlement of the  
federal advances account but was advised that this would not be acceptable.

In view of the above circumstances it is my opinion that the offer made  
provides for recovery of the full principal amount and almost one-half of the accrued  
interest and may be considered satisfactory. It is my recommendation that after  
application of this sum of seven hundred dollars (\$700.00) the account be so adjusted  
that the indebtedness will be paid in full and the liens discharged.

Yours truly,

J. C. GIBSON

## Inspector's Report.

Lake No. 3 is now all permanently dry. Recommend that Mr. Liedtke be allowed to purchase at six \$6.00 per acre land covered with a poor quality of hay.

## Surveyor General's report.

Lake No. 3 which affects the north west quarter of section 14, township 49, range 22, west of the fourth meridian, was surveyed by H.M.R. Soars, D.L.S. in 1915. He described it as a pot-hole; surface fed with water three feet deep and a soft bottom and stated that a good deal of hay could be cut around it.

It would appear possible that the statements of the applicant and homestead inspector, that it is now dry, are correct but we are unable to say whether it will remain permanently so.

## Recommendation:-

In view of the above reports I would recommend that applicant be permitted to purchase the area at the rate of \$6.00 per acre subject to his filing evidence that he is the registered owner of the patented portion.

# Department of the Interior

DOMINION LANDS ADMINISTRATION

6th July, 1929.

Copy for A.D.L. Edmonton, Ref. 84490.

Sir,

Adverting to your application to purchase the dried up area in the North West quarter of Section 14, Township 4, Range 22, West of the 4th Meridian, I beg to advise you that it has been decided to permit you to purchase the area containing 60.50 acres, at the rate of \$6.00 per acre.

The sale will be subject to your filing evidence that you are the registered owner of the patented portion of the quarter section.

Such evidence may be either in the form of an Abstract of Title or Duplicate Certificate of Title which latter, if forwarded, will be returned after having served the purpose of the Department. An Abstract of Title may be secured from the Registrar, Land Titles Office, Edmonton, Alberta.

Either the whole of the purchase money should be forwarded to the Agent of Dominion Lands, Edmonton, Alberta, to whom a copy of this letter is being sent for his information, on or before the 31st August next, or one-fourth of the amount within that time limit and the balance in three equal instalments with interest thereon at the rate of 6% per annum. Overdue instalments will be subject to interest at the rate of 7% per annum.

Should a further survey be made of the parcel in question before the issue of patent the area which may be shown on the new edition of the township plan will constitute the basis of the sale.

I may add that the sale in this case will be subject to the right of the Province to take for road purposes without compensation prior to the issue of patent such land as may be required not to exceed two and one-half per cent. of the total area, and likewise subject to the right of the Province to take such area as may be required for right of way in connection with drainage projects not to exceed one per cent. of the total area. In the event of a deduction in area being made for either or both of these purposes, the account will be adjusted accordingly.

1. The first part of the paper is devoted to the study of the properties of the function  $f(x)$  defined by the equation  $f(x) = \int_0^x f(t) dt$ . It is shown that  $f(x)$  is a continuous function and that it satisfies the differential equation  $f'(x) = f(x)$ . The solution of this equation is  $f(x) = Ce^x$ , where  $C$  is a constant. The value of  $C$  is determined by the initial condition  $f(0) = 1$ , which gives  $C = 1$ . Therefore, the function  $f(x)$  is  $f(x) = e^x$ .

2 We have  $\gamma_1 = \frac{1}{\sqrt{2}}$ ,  $\gamma_2 = \frac{1}{\sqrt{2}}$ ,  $\gamma_3 = \frac{1}{\sqrt{2}}$ ,  $\gamma_4 = \frac{1}{\sqrt{2}}$ .

Dear Sir:-  
Section 1/4 of 33-6-11 W 4th Mer.

Mr T. A. Babb wishes to purchase the above land.  
If this land is not on the market is there any way by  
which he could acquire the first right to purchase when the land  
is open for sale. At the present time I am under the impression  
that he holds a lease of the lands and has some improvements  
thereon.

Yours truly,

If this land can be purchased Mr Babb would consider the purchase

Memorandum.

Mr. C. R. Mitchell, Barrister, of Medicine Hat, writes stating that Mr. W. H. Babb desires to purchase the T. R. 4 of 33-6-7, W. 14th N., and asks further, if this land is not yet in the market, or what would be the first right to purchase it. He also asks, further, that he is under the impression that Mr. Babb holds the portion of the land under lease and has some interest therein; and adds that, if the land can be purchased, Mr. Babb would consider the purchase of additional adjoining sections.

The land applied for is vacant in the records of the Department, and is not patented land. It is under lease to the Government, and it would not interfere with its sale.

J. W. Greer, Esq.,  
Commissioner of Dominion Lands.

Gentlemen,

-Sd 33-6-2-4M-

Referring to your letter of the 7th ultimo, I beg to advise you that as the Department has now received official Certificate of the presumed death of Lance-Corporal Geoffrey Wilfrid Revell Pearson, who held the above land under homestead and pre-emption entries, it has been decided that patent for the homestead, the S. 13, may be issued in accordance with the certified Letters of administration which you have filed with the Department in the name of James English, as administrator, without calling for the performance of any further settlement duties, subject however, to any indebtedness to the Crown which may be registered against the land.

Patent for the pre-emption, the S. 13, may also be issued as soon as the land has been paid for in full. According to our records, the amount outstanding on this pre-emption is as follows:-

1st instalment \$160.00 and interest on same at 5% from the 25th August, 1917 to date of payment.

2nd instalment \$64.00 and interest on same at 5% from the 25th August, 1918 to date of payment.

Balance of principal \$56.00 on which no interest is payable until instalments are due.

March 29th, 1919.

Sir,-

With reference to the right of way  
required for Mr. W.O. Lockinson's irrigation ditch  
over the S.W. of section 33, township 6, range 2,  
west of the 4th meridian, you will remember that  
owing to the absence of Mr. Lockinson at the front,  
we have been unable to secure his signature to the  
plan of survey. Therefore, we have never been able  
to issue license of occupation.

The Irrigation Branch are very  
anxious to have the bounded extent in fact for this  
quarter section, but before this we will be  
necessary to issue the license of occupation in Mr.  
Lockinson's favour, if reservation is to be made at all.

It is possible that Mr. Lockinson has  
now returned from overseas, and that you will be able  
to get the right of way signed. I will give  
this matter your immediate attention, and advise you  
if any steps taken.

MEMORANDUM

Mr. Sheppard,  
Land Patents Branch.

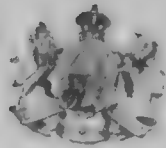

In reply to your memorandum hereunder, I beg to say that we have no information that Mr. J. W. Jenkinson has yet returned from the front, so that we cannot have the right of way plan signed, and a License of Reclamation issued respecting his irrigation canal over the NE 1/4 of Section 27, Township 6, Range 2, west of the 4th meridian.

I notice that it is the intention to issue homestead patent for this land to Jas. English, as personal representative of the late J. W. Pearson. Mr. English is also looking after the affairs of Mr. Jenkinson, and I suggest that as a means of settlement, possibly Mr. English could execute a right of way easement in favor of Mr. Jenkinson. This could be filed in the department, and would adequately protect Mr. Jenkinson's interests, provided the easement is made binding upon his heirs, executors, administrators and assigns. If this is done, the homestead patent could then issue without further delay.

Please let me know if this would be satisfactory to you.

Respectfully:

W. G. Côté, Esq., I.S.C.  
Controller.

Please see Mr. English's report on the patent,  
is action sufficient?

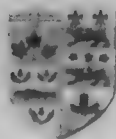

The facts are that a reservation for  
compensation was to be inserted in this patent.

The license cannot be prepared as the  
licensee has not signed the plans of the irrigation  
system as required, and cannot do so being overseas.

I do not see that any easement existed  
in favour of Mr. Jefferies as the licensee  
as no reservation could be made in the patent  
based on the easement unless a proper plan is also  
attached to the patent.

Sir:

Re 100-100-100 4th Sec.

I beg to advise you that the issue of the patent for the above mentioned land section, in your name as personal representative of the late Geoffrey A. Carson, is delayed as the same cannot be issued until the end of the day of the 1st day of July. Mr. Carson's irrigation ditch project has been taken up by him, in order that a reservation for a license of occupation of the said ditch may be reserved in the patent.

Mr. Carson is listed in the Canadian Expeditionary Force and the Department has not been able to get in touch with him to have the plan signed.

It is presumed that he will shortly be returning from overseas, and immediately upon the Department receiving intimation of his return the matter will be taken up with him.

The Board of Canadian Lands at Calgary is being requested by a copy of this letter to endeavor to ascertain when his return may be expected in order to expedite matters.

In the meantime if you are in possession of any information relative to Mr. Carson's probable return, the Department would be obliged if you will kindly forward it with such information.

Dear Sir:

Mr. English sent me the enclosed letter, he received from Ottawa. I signed a plan for the right of way at the Migration Office in Calgary some time last May as I cannot understand the letter of June 3<sup>rd</sup>.

I bought Section 2076 R2 west 4<sup>th</sup> Meridian some years ago under the Migration Act. Mr. English has been looking for it for me & the work has been completed some time & passed. I have made several payments on this land but have been unable to get it.

a statement of how it stands.  
How much I shall have to pay  
to get the title deed for the  
section. I have been away at the  
war since August 1864 & have not  
touched it all. Before I left for the  
war I was told of the matter  
with the migration but as they say  
that I do not get the section under  
the old migration act, 3 & 4 are  
less the cost of the books. I applied  
for it a long time before  
the migration act was changed  
& certainly under the old  
act. I think if the records are  
looked up it will be found that  
I made my application a year or  
more before the act was changed.  
I shall be much obliged if you

all look into this matter  
for me as the difference is very  
large & it will be most difficult  
for me to arrange the matter.

also will you let me know how  
the cause stands as Jan 22  
1892 at 11.11 believe it  
still stands in my name

Yours truly

With reference to your memorandum of the 24th ultimo, hereunder, plan showing a lot of land over the SE 1/4 of Section 33, Township 4, Range 2, west of the 4th meridian, has not yet been received from Calgary.

Upon further examination, after being shown by Mr. Jenkinson, the plan was found to be lacking in a number of details and had to be returned to the engineer in the field. It should, however, be received in the course of a few days.

Mr. Jenkinson was written fully from this office on the 26th ultimo in connection with section 27, Township 4, Range 2, west of the 4th meridian, which land he was permitted to purchase under the irrigation system.

Re W 33-5-2-V. 4th Mer.

Sir,-

In further reference to my letter of the 20th instant, in reply to yours of the 5th inst., regarding the patent for the above mentioned land, I beg to say that in your letter you stated that the patent was returned for the purpose of having the area corrected. In this connection I beg to say that the area is quite correct and does not require correction but there was a slip of paper attached to the patent which apparently a memorandum from some official in your office which reads as follows:

"To be returned to the applicant with a copy of the patent to be corrected for the area. A tracing duly attested as to be attached. 11/11/19."

In this connection I may say that it is not clear whether the patent is refused on account of the area being a print instead of a copy on linen or because the certificate of the different parties signing the same did not appear on the print. This omission arose from the fact that these certificates were stamped in ink on the original and therefore did not copy on the print; these have now been all of them to be sent and the patent is returned to you herewith trusting that it may meet the requirements of your office. I may further draw your attention to the fact that patents have never been returned in the past on account of printed copies of the plans having been attached to the patents.

Dear Sir:

Re: N.Y. 6-50-1 V. 4th V.  
Dennie V. Forster -

The matter of an adjustment of the seed grain or relief indebtedness outstanding against the above has been referred to the undersigned, constituted to deal with cases in the Province of Alberta, and an investigation having been completed, I am now in a position to furnish the following report:

The indebtedness, with interest computed to 31st March, 1943, is as follows:

| Lien.                       | Principal | Interest  | Total |
|-----------------------------|-----------|-----------|-------|
| Seed Grain - 1936, \$ 63.18 | \$ 145.22 | \$ 223.40 |       |

for which there is no security, the lien being unregistered and the debtor is either dead or cannot be located.

It is accordingly recommended that the indebtedness be written off as a loss and the account closed in the records of the Department.

All of which is respectfully submitted.

Figure 1 consists of four sub-graphs labeled (a) through (d), each showing the growth of *E. coli* O157:H7 in ground beef at a different storage temperature. The y-axis for all graphs is 'Log CFU/g' ranging from 0 to 7. The x-axis for all graphs is 'Time (h)' ranging from 0 to 100. Graph (a) is for 4°C, (b) for 10°C, (c) for 15°C, and (d) for 20°C. In all cases, the number of log CFU/g increases over time. The rate of increase is much slower at 4°C and 10°C compared to 15°C and 20°C. At 20°C, the growth is the most rapid, reaching approximately 6.5 log CFU/g after 100 hours.

Commissioner of Dominion Lands.

from his homestead he was keeping hotel at Vegreville and alleges that his buildings on the property are worth \$600.00. He adds that when he was absent from his homestead his son and "hired help" put in crops and put up hay for his stock.

Mr. St. Hilaire stated in the statutory declaration made by him before the surveyor on the 16th January, 1904, (File 92547, herewith) that he had squatted and made his improvements on the N.E. 1/4 of the said Section 15 and as this land was scheduled to the Canadian Pacific Railway Company, Mr. Griffin was advised that it was proposed to grant entry to Mr. St. Hilaire for the quarter section, in view of his occupation prior to survey. It turns out, however, as already points out, that Mr. St. Hilaire's squatter's claim affects the N.E. 1/4 of the section and the Agent now has to decide whether entry may be granted to him for this latter land. Further, in view of the advice sent to Mr. Griffin, the N.E. 1/4 may be made available for immediate entry.

This land was surveyed on the 1st November, 1903, and as Mr. St. Hilaire alleges that he has no other residence in the district, he will have to have a notice on the land prior to survey and entry to the land. The notice was put out on the 1st November, 1903, and on the 2nd July, 1904.

The points now to be decided are (1) whether the Railway Company is to be requested, in view of Mr. St. Hilaire's occupation prior to survey, to release the quarter section to the Crown and (2) whether the N.E. 1/4 on which it was thought Mr. St. Hilaire had squatted for which the Railway Company was told he was to be granted entry, is to be made available for that purpose.

Sir,

With reference to the Departmental letter to you of the 3rd September, 1906, in which you were advised that it was proposed to grant a patented entry to Mr. A. St. Hilaire for the N.E. 1/4 of Section 28, Township 54, Range 12, West of the fourth Meridian, said quarter section had been scheduled to your Company, and I am directed to inform you that Mr. St. Hilaire's Squatter's claim relates to the S.W. 1/4 of the section in question and, as the latter parcel was patented to the Canadian Pacific Railway Company on the 10th July, 1907, to request you to state whether your Company will consent to reserve it to the Crown and accept in lieu thereof an available quarter section of Dominion Lands of the class and to be patented entry, as the Department is desirous of doing in a position to meet Mr. St. Hilaire's claims in the matter.

I am further to say that the N.E. 1/4 of the said section is vacant and it is thought possible that the Railway Company may desire to retain it.

Your obedient servant,

Memorandum.

Mr. Walter Stredwick writes asking if he may purchase under the irrigation system the S. W.  $\frac{1}{4}$  of 23--8--1, W. 4th M., and states that his idea is to homestead the S. E.  $\frac{1}{4}$  of 22, to dam the creek up and run the water over the S. W.  $\frac{1}{4}$  of 23. He adds that, if his application is not granted, he would like to homestead the S. W.  $\frac{1}{4}$  of 23.

Both quarter-sections are vacant in the records of the Department, and the S. W.  $\frac{1}{4}$  of 23 is not railway land.

Mr. Reginald Jobson made application for a lease for grazing purposes of Section 23; and was told by the Departmental letter of the 20th June last (file 464377 T. & M). that, as the Regulations under the authority of which leases for grazing purposes were granted had been withdrawn, it would be impossible to consider any applications for such leases at the present time.

Sir: Would you kindly apply to the department for land in the south west of sec. 1, T.10, R.22, M.4 west for school grounds for a school district being formed there of which this section will be the centre. While an acre or two would be sufficient for building, and playgrounds as many children in the district and from surrounding ranches will visit the school it is desirable that there should be considerable space to picket or pasture ponies - say forty acres.

On behalf of the settlers

I remain yours respectfully

DEPARTMENT OF THE INTERIOR,

Ottawa, 3rd October, 1904.

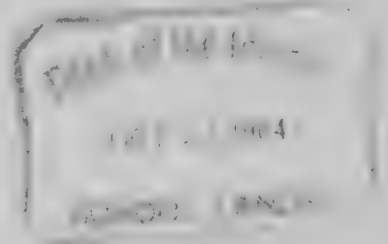

Memorandum:

Please see letter hereunder from Mr. G. J. Coulter White on behalf of the residents in the vicinity asking that two acres of the South West corner of the South East quarter of Section 29, Township 10, Range 22 West of the fourth Meridian, be offered at the next auction sale so as to afford the people an opportunity of acquiring it for a School Site. This section is not among the lands to be offered at the coming auction sales, but in view of the purpose for which it is required, there would, I presume, be no objection to a note being made of the application and the Auctioneer instructed at the time of the sale to put it up subject to the minimum upset price. I submit it for your ruling.

Sir,

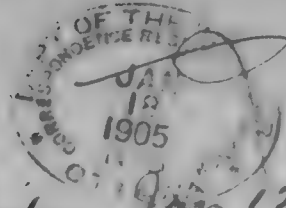

With further reference to your application on behalf of the settlers of the District that the two acres of land on the South West corner of the South East quarter of Section 29, Township 10, Range 22 West of the fourth meridian, may be put up separately at the next auction sale so as to afford them an opportunity of acquiring it for a school ground, I beg to say that this will be done provided you satisfy the Department that the land is within an organized school district and that the application is made by the Trustees of such District. The parcel would be offered at the sale to be held at High River. I may say that the sale which was to have been held at that point on the 24th instant has been postponed until further notice. As soon, however, as the new dates have been determined they will be published in the newspapers. The parcel will be offered subject to an upset price of \$7.00 per acre and the terms of payment will be one-fifth in cash and the balance in four equal annual instalments with interest at the rate of five per cent.

Secretary.

Dear Sir

The vicinity of  
 Tp 10. Rwy 22. Lt 4<sup>th</sup> has become  
 quite thickly settled. They have  
 applied to be erected into a  
 school district. This has been  
 granted & they are formed into  
 ✓ Newland's School Dist. No 1148.  
 The most central & suitable location  
 for school house is in Lt 4<sup>th</sup>  
 Sec 29. Tp 10. Rwy 22. Lt 4<sup>th</sup>. This  
 happens to be a school section.  
 They would like to acquire 2 acres  
 in this section 20 rods N & S. 16 E & 16 W.  
 Is it possible for them to acquire  
 this in any way. It will be  
 years ere the land will rise to  
 the upset valuation requisite  
 to sale by auction. I have

Sir,

Referring to your letter of the 12th instant with regard to the desire of the Trustees of the Highlands School District #1145 to acquire a parcel of two acres on the NW 1/4 of Section 22, in Township 10, Range 32 West of the Fourth Principal Meridian, for the purposes of a school site, ~~etc~~ to inform you in reply that if the two acres in question adjoin one of the corners of the quarter-section, or border on a road allowance, and you will be good enough to notify the Department of its exact position, it will be put up as a separate parcel at the next auction to be held in this part of the Territories to afford the Trustees an opportunity of acquiring it. As the section is School Lands it would not be possible for the Department to make a free grant of any portion of it, as the Dominion Lands Act expressly provides that School Lands shall be disposed of by sale at public auction only.

It will be necessary in order that the parcel may be offered for sale to give a more detailed description of the two acres referred to. For this purpose it will be sufficient, if the parcel adjoins one of the corners, to give the dimensions of ~~its~~ <sup>and</sup> its sides, but, if adjoining a road allowance ~~will~~ <sup>and</sup> not on

The terms of payment would be one-fifth in cash, and the balance in four equal annual instalments with interest at the rate of 5% per annum, and the land would be offered subject to an upset price which would be determined before the sale takes place.

SCHOOL LANDS.

Referring to your letter to Mr. P. G. De Vries of Jan'y 21<sup>st</sup> Re. the parcel of land, Sec 29, Township 10, Range 22. N. of the 14<sup>th</sup> Twp. 11 at the Trustees of the Newlands School District desire to acquire for a school site. I have to say that the land in question is situated at the N.W. corner of the N.W. 1/4 of the above named Section.

It is 2 acres in extent, being 20 rods in length, from North to South, & 16 rods in width from East to West. It adjoins Road Allowance on the West, & the South boundary of the N.W. 1/4 of the above named Section on the North.

The Trustees understand that the export price of School Lands as Public Land in the N.W. Territories is \$1.00 per acre, & desire me to say that they are willing to give that sum, as they are desirous of procuring this land at once, in order that they may be able to build the School at the earliest possible date.

I may add, that there is at present no Patented land in the District, so this

Sir,

*W.B.* With reference to the application of the  
Newlands School District for a site of two acres on the North  
West corner of the North West quarter of Section 29, Township  
10, Range 22 West of the Fourth Meridian, I am to say that the

I am to say, however, that the auction sales of

Dear Sir

I have just come to my notice that there will be a sale of School Lands held as right of way on the north side of the river, also the deposit of the land is at the time of the sale. The 2<sup>nd</sup> section of land, on which the school stands, is a 160 acre block.

The land is 160 acres long from North to South, & 1600 wide from East to West. Situated on the north corner of the 2<sup>nd</sup> section is bounded to the north by the river. It adjoins the east side of the river. I am forwarding you a plan of this matter. Shortly

Sir,

Owing to an oversight the site upon which the school-house is built for the Newlands School District, #1145, was omitted from the printed lists of the auction sale, and I am directed to instruct you therefore to offer the two acres on the North-west corner of the South-west quarter of Section 29, in Township 10, Range 22 West of the 4th Meridian, at the sale to be held at Macleod on the 20th November next, the upset price to be \$7.00 per acre.

The Secretary-Treasurer of the School District has been notified to have some person in attendance to bid in the land. Of course, if the School District is not represented at the sale it will be of no use to offer the two acres.

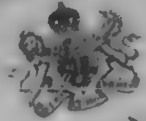

Your obedient Servant,

*James H. McLeod*  
Assistant Secretary.

Sir,

There has been considerable correspondence during the past year between this Department and the officials of the Lethbridge Northern Irrigation District respecting the vacant lands within the boundaries of that district.

It has now been decided to offer to sell all such lands, as well as any unpatented lands which may later become vacant, to the trustees of the district, and the details of each sale are now the subject of correspondence with the provincial authorities.

Enc.

In the meantime will you kindly reserve from disposition the lands shown on List No. 1 attached hereto, and place a notation against the lands shown on List No. 2 to the effect that they are to be reserved should they become vacant and available in the future.

You will be advised as soon as a definite agreement has been reached between the provincial authorities and this Department respecting the sale of these lands.

Your obedient servant,

(Sgd). J. B. Challies,  
(J. B. Challies),  
Acting Director.

Under Secretary of State  
Ottawa, Canada.

Dear Sir;

I was born on a farm at Highriver, Alberta, Canada on the 27, 1908. This fact I have verified with the records of the Bureau of Vital Statistics at Edmonton.

My father Robert E. Bruntt, mother, Anna Sarah Bruntt my father was a native born United States citizen when he left the U.S.A. Now here is the vital question which either makes me a United States citizen or a Canadian.

Did my father complete his deal for a homestead of land and become a Canadian citizen or was the homestead not complete and he then still remained a United States citizen.

His mother, my grandmother, brought me back to U.S.A. to live at the age of 6 yrs old. I never knew my parents thereafter and he is now dead.

Anyway if you can verify if Robert E. Bruntt did or did not give us his U.S.A. citizenship to establish a homestead at Highriver, Alberta, it will give me a definite basis to prove my citizenship. As I am very shortly entering the armed forces of U.S.A. I am very anxious to clear this matter at once.

Many gratefully thanks for all the rush you request.

Yours very truly,

Sir:

I have received your letter of August 2nd in  
which you ask whether or not your father, Mr. Robert  
L. Pruitt, acquired naturalization during his resi-  
dence in Canada.

Our files show that Robert L. Pruitt a farmer  
of High River, Alta., of former American nationality,  
was naturalized on the 21st April, 1907, through the  
Supreme Court, Calgary, Alta.

It would appear from the above that your father  
gave up his United States citizenship, and acquired na-

of your letter to the Registrar of Lands, Ottawa, so  
that he may examine his files and advise you whether  
or not your father acquired also a homestead in Canada.

Dear Sir:

Re: Application for Patent.

Ref: ~~W5.~~ W5.

~~NOV 11 1921~~ ALLEN.

In April, 1921 I made the last of a number of Applications for Patent to above described land, claiming in each case War Service. I backed up with reliable and disinterested Medical opinion without success in your department.

During the time since my discharge my disability has at all times interfered with the efficient carrying on of any kind of work however light, subjecting me also to private treatment at greater expense than I could really afford. Now for the past few months I have not been able to do any work at all. Two months ago I reported to S.C.R. and was committed to Hospital where I am at present, my trouble now being diagnosed as "Necrosis of the Cervical Vertebrae" as shown by X-Ray photographs. The disease its self together with the natural and sympathetic effects need no explanation.

For your convenience I have looked up dates and some data of past correspondence on this subject which follows:-

First Reference: Certificate of physical ability dated June 27th., 1918, signed by Lieut. Col. J.N. Gunn. D.A.D.M.S. i/c Administration for A.D.M.S., M.D. #13. Calgary, Alta.,

Second Reference: Letter from Messrs: Berg, McDonald & Earle, Barristers, &c., 901-906 Metropolitan Bldg., Vancouver, B.C. Dated November, 15, 1918.

Third Reference: Certificate of disability by Major Monroe of the Medical Department, S.C.R., Vancouver, B.C., dated February, 19th., 1919.

Fourth Reference: Reports of Dr. Colthard, Medical Department, Vocational Training S.C.R. Vancouver, B.C.

Fifth Reference: Dr. Roberts, Practicing Physician, Yakima, Wash.,

If the Department has been in doubt as to the truth of my claims or the reliability of Medical Representations on my behalf, surely this last authority, namely: S.C.R. should clear up such doubt, and my patent so long delayed should be issued at once. For a truth, Sir, I have no encouragement from anyone to expect recovery.

Thanking you in advance to do only the right and human thing,

I remain,

Your obedient servant,

The loan is to be used for the purpose of purchasing equipment for the project. The loan is to be repaid from the proceeds of the sale of the equipment. The loan is to be repaid from the proceeds of the sale of the equipment. The loan is to be repaid from the proceeds of the sale of the equipment.

The following information was obtained from the records of the Department of the Interior, Bureau of Land Management, regarding the land owned by the United States in the State of California:

[illegible]

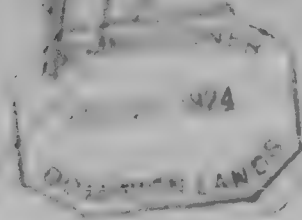

Mr. Allen is a man that is in perfect health and is militarily serviceable, therefore we think he is entitled to the consideration "he is serviceable."

Attached are 111-41-1-1000 copies of previous medical certificates furnished by Dr. Hagedorn and Dr. Humphrey.

It is noteworthy that Mr. Allen's physician is not definitely taking the position that his displacement is due to military service. His statement in that regard being accepted by Dr. Hagedorn.

Under the Department is proposed to waive payment of the \$1.00 per month of the first and second half of the year at \$1.00 per month in lieu of \$1.00 per month as recommended by the Federal Bureau of Investigation. I think that Mr. Allen should be considered before the Federal Bureau of Investigation, the same is being requested being tendered to the U. S. Army (File No. 2072034) which was submitted for consideration recently.

MEMORANDUM;

Mr. Cory.

Re - N.E. 4-26-5-W.5th M.  
Homestead - William C. Allen.

Please see Mr. Powell's memorandum of the 12th instant, on file 926625, herewith, also see your memorandum of the 9th June last, to obtain further medical evidence relating to this case.

The further report from Dr. McLeod is quoted in Mr. Powell's memorandum and attached thereto are also previous reports from Doctors McLeod and Humphrey in connection with this case.

The entrant's disability, according to a report from the Board of Pension Commissioners, is not due to war service, nor do I think that the disability which now exists, according to that report or the medical evidence submitted by the private practitioner, shows a degree of disability sufficient to warrant the Department in going to Council for the relief of residence duties.

This case is similar to that of E. S. Barker (File No. 3678634) which is now before you and is being submitted in order that you may have both cases for consideration.

OTTAWA. 13th November, 1925.

Memorandum.

Mr. Hume,

Re N.E. 4-26-5 W. 5th M.  
Homestead - William C. Allen.  
(returned soldier).  
Entry granted - 28th November, 1916.

This entrant was on active service when he secured entry for this land and consequently his military service did not count as residence. However, he made repeated efforts to secure patent for the land on the ground of disability, without performing any settlement duties. At one time he was awarded a fifteen per cent pension and in view of this it was decided that six months residence and twenty acres of breaking might be accepted as sufficient, although the pension was later discontinued. (Please see Mr. Powell's memorandums of the 2nd June and 12th August, 1924, hereunder marked, for a complete statement of the case).

As cancellation proceedings are outstanding against the entry, Mr. Allen was called on to state his intentions with regard to completing the duties or applying for another examination by the Pension Authorities. He insists that he is physically unable to complete the required duties but states that it is not his intention to again make application to the Board of Pension Commissioners for re-examination.

In July last he was advised that the Department could only be guided by the reports of the Board of Pension Commissioners and if he did not wish to make another claim for pension or did not intend to endeavour to complete his duties, his best course would be to abandon the entry. He has not replied to this letter and a subsequent letter to the same address has been returned undelivered.

In view of the above circumstances it is suggested that the entry might be cancelled.

*Think this action might now be taken.*

Dear Sir:

Re: RE 12-12-9-4.

John A. Smith, Dominion Liens.  
Your file 926627.

We have to acknowledge with thanks a copy of your letter of the 21st instant the original of which was addressed to the Registrar, Land Titles Office, Calgary authorizing the release of the liens for \$51.00 and \$40.00 from the title to the above land.

From an abstract of title on file it is noted that in addition to these two amounts liens in the name of the Crown appear on the title to the above land in the amounts of \$27.44, \$20.40 and \$22.00 and it would appear that additional instructions will have to be issued to the Registrar, Land Titles Office, Calgary in order to clear the title to the above land of all Crown liens. The abstract on file indicates that John A. Smith is a grantor in respect of these three additional amounts.

Referring to the lien for the sum of \$27.44 it would appear possibly that through a similarity of names the Land Titles Office, Calgary, has incorrectly placed this lien on the title to the above land. In this connection we would refer you to recent correspondence we have had with you regarding a lien granted by another John Smith which was originally registered on the #2 20-22-1-4. Your file numbers in this connection are 1708458 and 2110277.

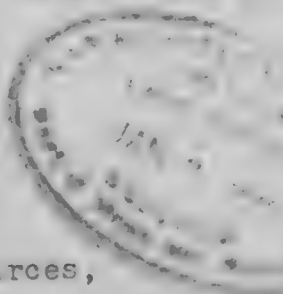

We would ask that you kindly look into this matter and issue the necessary instructions to the Registrar, Land Titles Office, Calgary, sending a copy to this office for which we extend our thanks.

Yours very truly,

Mr. Hewlett,  
Chief Collector.

Dear Sir:

Re: S.E. 12-12-9 W. 4th Mer.

This will acknowledge and thank you for your letter of January 27th, 1948, regarding the liens still registered against the above noted quarter section. Enclosed you will find our Letter of Release No. 30351 in the amount of \$13.00 which we neglected to send with the previous releases.

The Seed Grain lien for \$51.00 registered December 20th, 1916 as 25484 is the same lien as referred to in our Letter of Release No. 31331. The other liens for fodder and relief registered under the same document were taken for the same advances as the liens released under our Discharge of Mortgage No. 30335 and the enclosed release. You are therefore, hereby authorized and requested to remove these liens encumbering title to the S.E. 12-12-9 W. 4th Mer.

With reference to the seed grain lien in the amount of \$27.44 evidence on our files indicates that this lien was originally given by John Coutts Smith on the W. 1/4 20-22-10 W. 4th Mer. and should not have been registered against the S.E. 12-12-9 W. 4th Mer. You are therefore, also authorized and requested to remove this lien.

Yours very truly,

I beg to say that H.O. letter of the 31st ultimo, file 926640 is not understood. On August 9th 1904 application was made to cancel his entry and it was cancelled on the 11th day of October last, <sup>in default</sup> and Hans M. Kindly note my Township Register shows this to be a Homestead Entry, hence my letter of the 8th instant, but the General receipt Book shows the application as a Land Scrip and Mr. Royal has evidently made an error in transmitting same to the Township Register. The Land Scrip entries for '91' will be carefully checked over at once.  
Kindly refer to your file #647361 also.

Sir:-

Re the entry granted to you for the S.W. 1/4-20-50-15-W-4-R on the 20th of October last, I beg to say that my Head Office have called my attention to the fact that it is  $\frac{1}{4}$  was Land Scrip -ed by Albert Campbell on the 11th of July 1901 and that the need for the same has issued and therefore it is not available for Homestead entry. Your entry for the same has according to my instructions been cancelled and the fee paid by you may be either transferred to other land or will be refunded to you.

I regret this error but the clerk who was in the Office in 1901 made the entry as homestead entry instead of a Land Scrip entry and the error was not noticed until my Head Office called attention to same. Kindly return the Homestead Receipt issued to you in this connection.

16. State any special circumstances such as illness, accident or lack of means, which should be considered by the Department in dealing with your case. Give any further information which in your opinion should be brought to the attention of the Department?

Ans. owing to the constant failure of my small crop due to the drought I was compelled to seek work away from the place and being fortunate in obtaining a steady employment in the near vicinity of the homestead, which enabled me to devote a good deal of attention to same, also being anxious to put my homestead in good working condition and the obligation incurred in doing so, along with the fact that not having more land than what my brother could conveniently handle along with his own, encouraged me to keep working for wages which I solely used in homestead improvements & cultivation which enabled my brother & myself to accomplish what we could not have done under the circumstances without the necessary means, also the amount of improvement that I have done together with the fact that I have purchased the adjoining 160 acres for the purpose of mixed farming on a larger scale will justify my honest intentions in doing so. I earnestly believe to be progressive & to make the country I live in a better place. I am a dutiful citizen faithfully hoping the case will be dealt with accordingly.

I, Donald Smith of Macleod do solemnly declare that the answers to the foregoing questions are true in substance and in fact, and I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath, and by virtue of THE CANADA EVIDENCE ACT, 1893.

Mr. A. Soutter,

Dear Sir:

Re: N.E. 4 & S.E. 16-9-27-West 4th M.  
Old Provincial Seed Grain and  
Joint Relief. John M. Smith.

In the years 1920 and 1922 this party obtained advances for Joint Relief in a total sum of four hundred and ninety-seven dollars (\$497.00) against which one repayment was made totalling eighty dollars and forty-six cents (\$80.46), leaving a balance outstanding as at 31st of March, 1945, of one thousand, one hundred and sixty dollars and five cents (\$1,160.05). ✓

Smith also obtained Seed Grain Advances from the Provincial Government totalling nine hundred and twenty-nine dollars and sixty-six cents (\$929.66), and, in which connection there was outstanding at March 31st, 1945, a sum of two thousand, three hundred and ninety-seven dollars and twenty-seven cents (\$2,397.27).

As security for these advances liens were filed on title to the above described land and still remain registered thereon.

This particular property is situated in a dry blown out district west of Macleod and Smith at no time was in a position to make any substantial payment. In fact, he went behind in his taxes and subsequently the taxing authorities took title to the land.

(continued).....

(continued)

--2--

100-3-4.

Arrangements have now been made whereby Smith can recover title to the property by payment of a portion of the tax arrears, payments being spread over a term of years, and he is anxious to clear these liens off the land in order that when he has completed his tax payment, title may be clear and once more standing in his own name.

With this end in view he has tendered a sum of two hundred dollars (\$200.00) which he requests be accepted in full settlement of both the Seed Grain and Joint Relief liens.

A late report shows that the debtor is now an aged man unable to do any physical work on account of severe back injury sustained some years ago and this necessitates him employing farm help. The improved conditions of the past two or three years have placed him in a position to try and recover title to his property, and, in view of the circumstances, I would recommend his offer in settlement of the liens be accepted.

I would further recommend that the Provincial Seed Grain Account be unconditionally written off and that upon application of the sum of two hundred dollars (\$200.00) to the credit of the Joint Relief Account all liens be re- moved from title and the balance outstanding be written off.

Yours very truly,

*C. W. Stewart*  
CHIEF COLLECTOR.

MEMORANDUM:

With further reference to the memoranda in this case wherein representations are made on behalf of Mr. August Sorge that he may be permitted to purchase the NE $\frac{1}{4}$  of Section 1, Township 19, Range 30, West 4th Meridian in view of the fact that by order of the Department the said location was held for Mr. Sorge's son, who died just previous to the attainment of his majority after having made extensive improvements thereon, also in consideration of the very long residence of Mr. Sorge upon this location.

The Agent of Dominion Lands at Lethbridge now submits Homestead Inspector Link's report on the said NE $\frac{1}{4}$  of Section 1, wherein it is stated that the following improvements were found:-- Log house value \$250.00, shed \$200.00, root cellar \$250.00, hay barn \$150.00, shed & corn stable \$300.00, smoke house \$25.00; in all \$875.00.

The Inspector further states that Mr. Sorge was absent at the time of his visit but from information gathered it would appear that Mr. Sorge is an actual bona fide settler and has resided in the district during the past 9 years. Taking into consideration his extensive improvements and the fact that he has use for it as a hay farm for his stock he would recommend that Mr. Sorge be allowed to purchase the location if available at the rate of five dollars per acre.

Dear Sir;

Re Francis Lafournais's Application for Patent.

This man informs me that his patent has been refused because he is unwilling to pay for 13 acres of land at the rate of \$3 per acre, which is included in his River Lot 17-46-21 over the 160 acres to which he is entitled to. He has asked me to state that he is willing to pay the same as Alexis Jackknife who he claims was granted his patent upon the payment of \$1 per acre for his surplus land.

Please let me hear from you in this matter and oblige.

Yours truly,

W. J. McNamara.

Dear Sir:-

Re- Francois LeCoursnaise.

Please find enclosed a copy of your letter of Oct. 18th 1904 file No. 928264 and also the Recommendation issued on order of the same letter. The river lot 17 being situated on the North side of the Battle River, it is very clear that the river lot consists of the Northerly 160 acres and the fraction lying between this 160 acres and the river.

It makes a big difference to the owner of the lot, which end of it he gets, as the ends of the river lots nearest the river are practically worthless, and it is this part of the river lot as I have understood it, that has always been recognized as the fractional part of the lot.

If this is the case there must be a mistake in the issuing of the Recommendation for patent, and I shall be pleased if you can have a new one issued to read the Northerly 160 acres of the said River lot, I also understood that it is usual for the owner to buy the fractional part of the lot, but in this case the owner did not wish to do so.

Kindly let me have a reply at your earliest convenience, as to what can be done with the matter, and oblige.

Yours truly,

*Francois Adam*

OTTAWA, 2nd February, 1923.

Sir:

Replying to your letter of the 16th December last, relative to the permission granted you to purchase the Northerly 13 acres of River Lot No. 17 of Township 46, Range 21, West of the 4th Meridian, at the rate of \$20.00 an acre, I beg to inform you that the land in question lies to the north of the balance of the said lot, of which you claim ownership, according to the departmental records, as shown on the enclosed sketch colored Green.

I beg to say that the above mentioned rate of \$20.00 an acre was fixed after the land had been inspected by an official of the Department and it is regretted, therefore, that the same may not be reduced.

I may say with reference to your inability to make payment on account of this land at the present time, that if you will advise the Department of the date when you expect to be in a position to do so, the matter of granting you an extension of time will be considered.
